Women of the world, unite!
Let's unleash the power of you and me
Women of the world, unite!
Celebrate your creativity

With every arm we link
We multiply our strength
We bring the world a broader view

Let's join our hands and hearts
Together, through our art
Imagine all that we can do

Women of the world, unite!
Let's unleash the power of you and me
Women of the world, unite!
Celebrating creativity

There's power
In you and me
There's power
In unity

Women of the world, unite!
