I never said that it would be easy  
The road we choose is usually not  
I only said that it might be better  
And better is worth a shot

I never claimed that I see the future  
We both know you're not that good  
I'm just another rock and roll dreamer  
Asking you if you would

Take a trip; hitch a ride  
Why don't we check out a life that is amplified  
Take a chance; hatch a scheme  
Come on and live your rock n roll dream

I never said that it would be simple  
Complications will set in  
I only said I thought it was worth it  
And I was ready to begin

I never promised you we would make it  
Just to give it all that I've got  
I only said that we've got some magic  
And magic don't come around a lot

Hit the road; take a trip  
Why don't we check out a life that's a bit more hip  
Hatch a scheme; take a chance  
Spending our time in a musical trance

...I saw you were a rock n roll dreamer  
And baby I knew you would  
Take a trip; hitch a ride  
And check out a life that is amplified  
Take a chance; hatch a scheme  
Go out and live your rock n roll dream.
